ABOUT THE MATRIX CONFERENCE

SEPTEMBER 19–22, 2024 · BERLIN, GERMANY

Join us for the first annual flagship conference organized by The Matrix.org Foundation, in partnership with the Matrix Community Summit team.

Our audience are policy makers, public and private sector leaders, technologists and product managers, FOSS maintainers and contributors, and enthusiasts.

This is THE gathering place for people who care about secure, private, decentralised communications, as well as encryption, standards, data sovereignty, digital rights, and digital public infrastructure.

Over four days we'll have a BarCamp, two days of keynotes, breakout sessions, and open spaces, and a day of contributor sprints and meetings.
